Puppies up to 22 weeks of age are eligible to attend - Socials are \$27 per visit

Socialization is a key part of healthy development for your new puppy.

In our puppy socials your new puppy will have the opportunity to learn about play with other dogs, interactions with new humans, and interact with some fun new experiences in a positive learning environment.

You'll get the opportunity to ask our training staff about puppy behaviors such as puppy mouthing, housebreaking & crate training.
